PERSHING 82 VHP (2017)

DESCRIPTION

The Pershing 82 "Very High Performance" (VHP), a "jet fighter" of the seas that has both a new interior design scheme and more powerful engines.

Created by the yacht designer Fulvio De Simoni in partnership with the Ferretti Group's Product Strategy Committee and Engineering Department, they feature completely reworked furnishings that have been enriched with stylish new detailing and refined wood.

The breath-taking Pershing 82 VHP is capable of breaking the 50-knot barrier and it has an astonishing cruising speed of 45 knots. This is all thanks to the new combination of twin MTU 16V 2000 M96L engines that generate 2,638 mhp at 2,450 rpm, together with Top System 95S surface propellers.

SPECIFICATIONS

Builder	Pershing
Model	82 VHP
Registration Year	2017
Length	24.98 m
Beam	5.50 m
Draft	1.40 m
Displacement	25,000 Kg
Engine	2 x 2,638 Hp MTU 16V2000M96L, 1050 hrs
Transmission	Surface prop
Generator	ONAN Cummins (2 x 19 Kw), 4,810 hrs
Max Speed RPM	50 kn
Cruise Speed RPM	45 kn
Fuel tank capacity Material	5950 l
Water tank capacity Material	1300 l
Condition	Very Good
Designer	Fulvio de Simoni
Cabins	5
Baths	3
Visible	Turkey
Price	3,700,000.00 €
Vat	VAT not included

ACCESSORIES

Electronic tools for navigation
